

American Textile Company Sustainability Mission Statement

ATC will operate a profitable and respected business in a manner that protects the environment and all of the people we serve. We will focus our efforts in the following areas:

- **Constantly seek ways to save energy**
- **Continuously reduce waste from operations throughout our supply chain**
- **Sell products that are safe to consumers and the environment**
- **Share knowledge and resources with our employee's and communities to improve the quality of life for both**
